Discovery Scholarship: The scholarship of discovery is an inquiry that produces, implements, and translates

Section 3.4.7 SON Tenure Track Criteria

Teaching Scholarship: This scholarly approach supports the development of educational environments that embrace diverse learning styles, and increasingly, places the focus of education on the learner (Edgerton, 1997). The scholarship of teaching is conducted through application of knowledge of the discipline or specialty area in the teaching-learning process, the development of effective teaching and evaluation methods, program development, learning outcome evaluation, and professional role modeling (adapted from AACN, 1999).
